Piano students will have the opportunity to play (online or possibly in person) for judges and will receive rankings as well as trophies. Good luck to everyone who is participating!

Student Feature Corner

Susheer Paladugu (pictured right) takes both piano and guitar lessons here at the institute.

We asked Susheer why he likes to play music. He said that music takes you to a whole new world, it can cheer you up when you're down, and you can make whatever you want happen.
