Introducing Musical Ladder System!

We are excited to announce that we are now the only school in New Mexico to license the Musical Ladder System®.

This music teaching system is being used by music schools across the US and Canada to inspire music students to practice more and enhance their love for music.

Similar to karate belt tests, students will periodically have a test with their private music instructor.

When they pass they receive really cool color wristbands with the name of the level they passed. They also receive a certificate and at some levels a trophy.

Keep an eye out for an email with more details!

2023 Federation Festival
